

3 July 2012  
Dear Sir/Madam,

***Greetings from SKMM Academy***

**Fundamentals of Antennas and Propagation**

Wireless Communication Centre, Faculty of Telecommunication, UTM, 11<sup>th</sup> to 13<sup>th</sup> September, 2012 (New Programme Dates)

We are pleased to share the new Programme dates for the upcoming 3-day Fundamentals of Antennas and Propagation training and invite participations. The programme was initially planned for 2<sup>nd</sup> to 4<sup>th</sup> July 2012, but had to rescheduled to the dates above as applications did not meet the minimum number of participants required to conduct the programme.

The programme will be held at the Wireless Communication Centre of Universiti Teknologi Malaysia in Skudai Johor.

The course is designed by academics and SKMM regulators with extensive knowledge in Antennas and Radio Wave Propagation. During the first portion of the course, participants are introduced to the basic concepts and technical aspects of Antennas including design and hands-on return loss design. This is followed by the second portion of the programme where participants will be instructed on the physics of different modes of Radio Propagation and how different communications technology are used to address their impacts.

Deadline for submissions is 4.00 pm 21<sup>st</sup> August 2012. For details of the programme please visit our SKMM website at the events section of [www.skmm.gov.my](http://www.skmm.gov.my) and for further details you may contact the address below, send an email to [skmm.academy@cmc.gov.my](mailto:skmm.academy@cmc.gov.my) or call any of the following numbers:

Art	+60 (3) 86 88 81 62
Gayathiri	+60 (3) 86 88 82 45
Suzy	+60 (3) 86 88 82 49
Tukefli	+60 (3) 86 88 83 94
Zachary	+60 (3) 86 88 82 63
Zura	+60 (3) 86 88 84 32

We look forward to hearing from you soon.

Have a nice day ahead.
